**Street names:** by Gloria Buddle

Have you ever thought, ...is there a street named after anyone in my Family???

Or a Park, lake or river....

But sticking to Street names:

I discovered a street in Whakatane years ago, and tracked down, that there was a Solicitor, with the surname Buddle (I spoke to his son), and we could not immediately, find if we were related. But that the Whakatane Council, named the road to respect his Dad.

Then recently, my sister spotted a Road named: Buddle Rd, in Wallaceville in Upper Hutt. And with another sign underneath stating, Malcolm Buddle, Superintendent (1958-1973)Wallaceville Veterinary Laboratory & Farm. (no relation – YET...)

There is a Buddle Rd, in Awarua Plains near Invercargill, but have not researched that one, as none of MY Buddle’s lived in the South Island -----that I know of YET....

There is a group, called the **New Zealand Poppy Places Trust**

[www.poppyplaces.nz](http://www.poppyplaces.nz) or email [info@poppyplaces.nz](mailto:info@poppyplaces.nz)

They are arranging (and invite the public to advise them) for any streets etc in NZ, that are named (or after research to confirm) they were named after, Conflicts, or people who were given the respect who served in Conflicts, home and abroad.

They are arranging for new road signs to be made, with a Poppy on the sign to signify same.

Do you know any streets in the Papakura Area named after conflicts or people who served? Visit the web site to see if they are commemorated by the Trust and if not get them to add them. Did you know that Marne Road was one such?

**Library News:** Family Tree and WDYTYA? Magazines for March.

The cataloguing of the fiche is ongoing. A new library catalogue has been installed on the LH computer.

**DNA Group: Sunday 8<sup>th</sup> March 1.30 pm** at the house.

We hope to look at a couple of case studies, Got a reasonably high but unknown match? No tree no contact? Checked likely relationship and found shared matches to indicate a line? What next? If this sounds like you come along and see if we can nut it out together.

**Don't forget – when you come to research we have internet at the house.**

**LEGACY:** Unfortunately I have had to cancel the scheduled session for 16<sup>th</sup> March. Only one in March now - **Wednesday 25<sup>th</sup> 10 – 12.**

As those of you who attend know we don't just do Legacy but cover a range of topics depending on requests and what comes up. - Help with research, interesting websites, problem ancestors and more. Please join us.
